AMENDMENT UNDER 37 CFR §1.121(a)

In response to the Office Action mailed on December 4, 2001, please amend the
subject application as set forth below:

IN THE CLAIMS

Amend claims 1, 2, 7 and 8 as follows:

1. (Amended) A head-mounted display apparatus, comprising:

a front frame on which a display part is mounted through a holding member in
a stowable manner and a mount pad is disposed opposite to a forehead of a user, said display
part being rotatable in forward and reverse directions;

side frames which are connected respectively to two end parts of said front
frame by hinge parts in a state of being movable to inner stowed positions by turning the
hinge parts, said head-mounted display apparatus being capable of being mounted and held on
